SKU: MT242HEC

Categories: [LS Tractors](#)

Product Description

The LS Tractor MT242HEC Compact Tractor, available at Powerhouse Outdoor Equipment in Georgia, combines comfort, strength, and advanced features for residential and light commercial use. Powered by a 42HP YPT 2.2L engine, this compact tractor is designed for efficiency and performance.

Highlights include redesigned air conditioning and cab roof for better visibility and headroom, cruise control with linked pedal functionality, and optional Bluetooth radio. The high-capacity loader offers lift capabilities up to 2,506 lbs., while the 4-point mount structure ensures stability for demanding jobs.

With LED work lamps, a modern TF-LCD instrument panel, and enhanced ergonomics, the MT242HEC makes long hours of work easier and more productive. Discover the full specs and price of the LS MT242HEC Compact Tractor today at Powerhouse Outdoor Equipment.
