Product Description

The LS Tractor MT357H/HC/C Compact Tractor, available at Powerhouse Outdoor Equipment in GA, delivers premium power, comfort, and versatility. With a 57HP L3C19-T engine, this compact tractor is built for tough jobs while offering operator-friendly features.

Key highlights include a 3-range hydrostatic transmission with Pedal Link for smooth control, integrated joystick with optional 3rd function, and a premium loader with universal skid steer attachment compatibility. The heavy-duty three-point hitch provides a lift capacity of 2,755 lbs., supported by a strong frame and lift cylinders.

Additional features include a foldable ROPS, telescopic link arms for easy implement attachment, ground-level fueling, and enhanced visibility with rear window wiper on cab models. The MT357 is engineered to maximize performance while delivering top-notch comfort and reliability.
