Product Description

2" Semi-Trash Water Pump Kit

Specifically engineered to handle muddy or sandy water, the ST20K is powered by a 208cc Generac engine that pumps up to 158 gallons per minute. So it’s ideal for your toughest applications. With features such as low-oil shut down to protect the engine from damage, it’s both durable and easy to use.

Features:

- **Generac 208cc OHV engine** with low-oil shut down
- **Easy prime custom funnel design** for quick and easy priming
- **Folding handle** for easy transportation
- **Large 3 gallon steel fuel tank** with incorporated fuel gauge provides up to 5 hours runtime
- **Durable 1” frame** to withstand the harsh environment
- **All inclusive kit** includes 12 foot suction hose, 25 foot discharge hose, and strainer
- **Color-coded suction and discharge ports** to ensure the correct hose connections
- **Powerful pump** can easily pump up to 158 gallons per minute
- **Durable silicon carbide mechanical seal** provides protection from abrasive materials
- **Onboard instructions** with icons of key touch points make this pump easy to use
